Two winning designs will be chosen: one for Beaver/Cubs and one for Scouts/Ventures/Rovers.

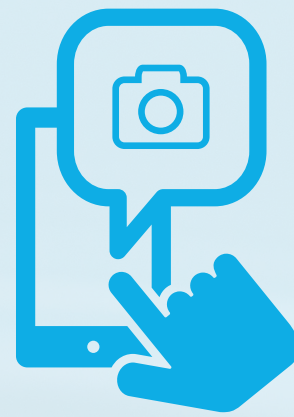

The 2 winning designs will be recreated by a graphic designer and copies will be professionally printed. Copies of the posters will be delivered to all local scout groups in the Northern province for display in scout halls when we return to scouting indoors.

Tips

- The winning poster will be on display in your scout hall, so it needs to be easy to read and understand from a distance.
- Use colours, images, illustrations. These must stand out.
- Include a clear call to action

2. Capture an Image

Water is life

- Fresh water is necessary for the survival of all living organisms on Earth
- Our bodies are made up of about 60% water and we cannot survive more than a few days without it
- Water is a precious substance that meets our physical needs while at the same time being of great spiritual importance to many people
- We all need clean water to wash our hands, keep our homes and hospitals clean and protect against COVID-19

Capture an image that reflects the theme "Water is Life".

Send your photograph, along with your name, scout group and section to safeguarding@scoutfoundationni.org.uk
