There are **1-2-3** stages on the beaver scout adventure

Visit the crannóg every week to take part in games and challenges with your lodge, to learn new things and practice for the beaver scout adventure.

Over the course of your first year you will enjoy a series of 6 or more big adventures that are planned at Log Chews and organised by your SCOUTERS with help from your lodge. At the end of each check to see if you have earned SPICES toward your **bree** badge!
