## What next?

...your Group could take part in the Quality Scouting Experience The aim of **Quality Scouting Experience (QSE)** is to provide a structured framework for **Scouts** and Scouters to think critically about how their **Scout Group** functions. QSE is a vital tool in enabling the **Scout Group** to develop a coherent and relevant **Group Development Plan**. Both adult scouters and youth members from all sections are invited to participate and in fact it is vital that they do as the scout group belongs to everyone, not just the adults.
